**PROFESSIONAL EDUCATORS OF IOWA**

## WHO NEEDS PEI?

**Anyone** with an education career who is ever around students!

In these litigious days with all of our rights, student rights, and administrative rights being defined, challenged, directed, and refined, we need to have security in what we do when we do it. Districts, the state, and the nation demand, advise, legalize, and codify what to do, when to do and how to do practically everything in and out of the classrooms and then we are still unsure in many instances if we

should act, react, or ignore many situations. Now with social media taking over the lives of almost everyone, there are new dangers lurking everywhere and at all times. Even to answer or not to answer an email or a text is perilous.

Getting the most for your investment in career security is something that all PEI members can confidently trust. Sharing information about cost saving professional protection to your colleagues is a favor that is being appreciated by more new as well as seasoned teachers every year.

## PEI is the best in quality and value!

PEI is an "Iowa exclusive" organization. We **promise** the best liability and legal coverage and we **deliver!** We represent our members before the legislature, the department of education, and other entities of influence on your lives. **We are the voice for independent teachers!**

## PEI gives the security we all need!

We need professional career protection THE SAME AS we need insurance on our car, our house, our health, our life!

IT'S TIME TO TELL OTHERS ABOUT PEI: new teachers, seasoned teachers, student teachers and all others in the education arena.

Direct them to the website, [www.peiowa.org](http://www.peiowa.org), or call the office, 515-221-2330, give them a brochure, or bring them to the fair!
